## AMERICAN SYSTEM OF JUDGING 4-H Equestrian Helmet Policy

All youth and adults participating in any 4-H equestrian activity, regardless of riding seat, shall wear properly fitted equestrian helmet, which meets ASTM/SEI approval. The helmet must be worn with secured chin harness properly fastened at all times when mounted on a horse or in a vehicle being pulled by one or more horses. It is recommended that helmets be worn at all times when handling any horse (i.e. grooming, clipping, and lunging).

It is the responsibility of the rider or the parent or guardian of the minor rider, to see to it that the headgear worn complies with such approval standards and carries the proper seals, and is properly fitted and in good condition. The University of California Cooperative Extension or Inter-Mountain Fair staff and agents are not responsible for checking headgear for compliance. The University of California or The Inter-Mountain Fair makes no representation or warranty, expressed or implied, about such headgear and cautions riders that serious injury may result despite wearing headgear, as no helmet can protect against all foreseeable injuries in equestrian sports.

At any time during a 4-H equestrian activity, the 4-H activity leader (i.e. Horse Show Manager, clinic organizer, club leader) may check a participant's helmet for proper standards. Individuals found to be wearing an unapproved or defective helmet will not be permitted to participate in any mounted or driving activity until a proper helmet is acquired.

Horses are released after Judging of their class
